Dear Lisa,

I just wanted to take a moment and recommend that you consider adding Wright Music and Productions to your list of approved vendors. I have been working with Wright Music and in particular David Wright for over a decade now and I can't say enough about how professional they are, and what a pleasure it is to have them work at the National Building Museum. I call them our "House Band" because they are here so often, which I think speaks to how popular they are with many of our rental clients.

In regards to the building, they are always most courteous and caring when they work here. I have never had any issues at all from small 3 piece musical sets to larger orchestras. They are quick, clean and always a pleasure to work with. I enjoy working with them, and highly recommend them to serve as one of your vendors and I think you'll be most pleased with their level of professionalism as well as how talented they are as well.

Feel free to contact me directly if you have any other questions.

A handwritten signature in black ink that reads "Christopher Frame". The signature is fluid and cursive, with the first name being particularly prominent.
